

One for the Pot

This Empire shaped Teapot was sent into me by one of our American members and has the pattern number 6948 listed as Trailing Violets.

I am not sure about the flowers being Violets but a nice pattern all the same. Perhaps a member with botanical knowledge can help me with the flowers. ■

If you have a teapot or coffee pot you would like us to feature in this regular spot please get in touch with me. All contact details are on page 2. ■

What's your favourite definition of "Rare"?

By Chris Watkins

Auction sites are often full of the word "rare". Dictionary definitions are not very specific: "not occurring very often" (Oxford English Dictionary) or define by opposition to another non-specific: "not common" (Cambridge Dictionary).

So last year when I got the following notification (see screenshot), it helped a lot - helped me laugh!!

foley intarsio: 2 new matches today

FOLEY INTARSIO CHARACTER JUG-VIN...

Very Rare Foley Intarsio Jug, Model 3460

Could this be a start of a recurring feature in the magazine- "My favourite definition of Rare"

I await a flood of replies David; (Senior Contents Strategist)

OK, So "very rare" means only two pop up on eBay in one day! So does "rare" mean ten pop up?
